Batch Profile 2019-2021

Like in the past few years the key focus this year during the admissions in the Post Graduate Programme was to ensure diversity (especially gender diversity) without compromising on merit. A total of 177 female students have been inducted this year, 148 in PGP and 29 in PGP ABM.

Diversity can be seen in terms of the educational background too - along with students from engineering background (362), students from diverse backgrounds like Business Management, Arts, Commerce, Science, Agriculture, Hotel and Tourism Management, Law, Medical, Psychology etc. (Non-Engineering – 116) are a part of Batch of 2019-2021

Batch Profile

Speaking about this trend, Dr. Archana Shukla, Director, IIM Lucknow said that the institute was looking at having a class which has a broad base in terms of diversity – gender wise, background wise and also in terms of prior work experience. She is happy that to some extent the institute has been successful in this objective but there are still many steps to be taken to create an ideal diverse environment.
